

# GI REVIVE PROGRAM

## ST. JUDE WELLNESS CENTER

DO YOU HAVE ANY OF THE FOLLOWING SYMPTOMS? IF SO, WE CAN HELP!

### WHAT DOES THE GI REVIVE PROGRAM INCLUDE?

- A complimentary, 15-minute assessment to determine if this program may be of benefit to you.

**If yes, the program entails the following  
(patients can be in-person or completely virtual) -**

- A 60-minute thorough health assessment by our Registered Dietitian.
- 1 specialized lab test, called **GI MAP**, which will identify problematic bacteria, fungi, and parasite overgrowth as well as assess levels of good bacteria.
- 3-month personalized nutrition, supplement, and lifestyle program designed to improve your GI symptoms based off your results of the GI MAP (total of 5 sessions with the RD)
- Additional appointments available as needed after clients graduate from GI REVIVE.
- If you aren't able to commit to the whole program, individual appointments are always available as needed.

**Scan the QR code to apply  
for a free assessment.**
